MEMORANDUM FOR: Deputy Director for Administration

FROM:

Director of Information Services

25X1

SUBJECT: OIS Weekly Report (22-28 December 1982)

Classification Review Division

Mr. Larry Pickering, C/CDC/Systematic Review of the Department of State, visited the Agency to introduce his replacement, Mr. Charles C. Floweree. Mr. Pickering is retiring and Mr. Floweree, a State Department annuitant, has been hired on an interim contract basis until a permanent replacement can be found for Mr. Pickering. Comments from Mr. Floweree during the briefing and discussion of CDC-CRD relationships indicate that the high level of cooperation enjoyed in the past should continue.

One OSS document (1,450 pages), four DoD documents (7 pages), 12 FRUS manuscripts (212 pages), and five miscellaneous documents (1,812 pages) were reviewed.

Records Management Division

C/RMD and two other RMD officers attended a briefing by a representative of the National Military Intelligence Center on fingerprint verification for gaining access to a terminal. The speaker gave a summary of the work being done for the Department of Defense and demonstrated a prototype model of the system. If the concept proves acceptable when development has been completed, features of the system may be adaptable for use with Agency verification requirements.

Regulations Control Division

RCD completed 56 major actions during this holiday period including the processing of 13 new and revised regulatory issuances.
